

Table lamp

CHLOE – R59080135

excl. 1x E14 · max. 40W

- **On/Off touch function**
- **Inductive loading station**
- **IP20**
- **Lamp(s) not included**

The words simple but unusual describe the CHLOE table lamp to the point. The contrasting design of the round shade and the angular base make the minimalist table lamp a true decorative element on a bedside table or dresser. The integrated On/Off touch function enables practical switching on and off by touching directly on the luminaire. In addition, the CHLOE has an inductive charging station, which means that suitable smartphones can be easily charged by simply placing the device on top. The luminaire has a white glass shade and a base in wood optics. For energy-saving lighting, it is recommended to use an LED illuminant. These are an optimal alternative to conventional halogen lamps and stand for a high quality of light and energy savings of up to 80%. In addition, LED lamps help you benefit from a long service life, low heat generation and at the same time protect the environment.

Material construction

Metal · wood imitation
Glass · White
